ALL-ON-4™ AND IMMEDIATE FUNCTION COURSE
Presented by Prof. Paulo Malo and the MALO CLINIC Clinical Team

SYNOPSIS

The purpose of the course on All-on-4™ and Immediate Function is to allow dentists to propose, with high predictability, immediate esthetical and functional rehabilitation for their total, partially or single edentulous patients.

During 2 days Prof. Paulo Malo, the pioneer of the All-on-4™ Concept, and his clinical team will show you how the patient will have Immediate Function and excellent esthetics with a limited number of implants.

This course will teach you the skills and know-how to treat edentulous patients using the All-on-4™ protocol and to treat partially edentulous patients, from patient selection to treatment planning, all the way through to the fitting of the prosthesis so you can offer immediate function to your patients. This way of patient selection and treatment will boost patient satisfaction and make final restorations simpler and more successful.

COURSE OVERVIEW

• Re-Thinking Oral Rehabilitation
• Single, Partial and Total Rehabilitation
• Flapless Surgery
• Patient Selection and Treatment Planning
• Live All-on-4™ Surgery in the Maxilla and/or Mandible
• Small Cases Live Surgeries
• Placement of Prosthesis

PARTICIPANTS
Professionals Experienced in Implant Dentistry

COURSE DURATION
2 days – 16 CPD

AVAILABLE DATES
June 28 & 29
Sep 6 & 7
Nov 22 & 23

COURSE FEE
1650 Euros – Regular Fee
1237.50 Euros - Nobel Biocare Clients Fee
ALL-ON-4™ AND IMMEDIATE FUNCTION COURSE
Re-program yourself!

The purpose of the course on Immediate Function is to allow dentists to propose, with high predictability, immediate esthetical and functional rehabilitation for their single, partial or total edentulous patients. Prof. Paulo Malo and his clinical team will lead a 2-day course that will give the participant an overview of the treatment from start to finish.
